

Automation, Electrical & Engineering

AUTOMATION AND MACHINE SAFETY TEAM LEADER

Reporting to the Electrical Manager, the Automation and Machine Safety Team Leader is responsible for leading the Automation and Machine Safety function through the management of trades, engineers and technicians to ensure maintenance and project activities are completed in a safe and efficient manner and conform to quality, time, cost and productivity requirements.

We are seeking a person with a detailed knowledge of automation software and hardware products and must show knowledge and experience in other safety systems and various instrumentation devices.

Leading team members in projects and assisting in developing other team member's skills is a requirement for the position.

To be successful for the position you have the following skills and attributes:

- Knowledge of programming PLC/SCADA.
- Experience in electrical and automation installations, switchboards etc.
- Implementing changes, upgrades or modifications to existing systems.
- Experienced with various PLC's, HMI's, SCADA, VSD's and Robots.
- Drawing software experience, Solidworks Electrical would be highly regarded.
- You will have strongly developed communication skills (verbal, written) and requirements.
- This role suits an energetic person who can work autonomously.
- Project Management experience.
- Proven ability leading people.

Essential Criteria:

- A current Australian Driver Licence
- A strong commitment to WHS

To succeed in this role you will be a determined, driven, self-starter who actively seeks out opportunities to succeed and improve the reliability of the site and team members, whilst showing a strong sense of urgency.

On offer is the opportunity to advance your career in a fast growing and dynamic company that is locally owned and operated, excellent remuneration package and a great team environment that rewards you for your efforts.

To apply email your application and current CV to hr@vklogic.com.au with the title "Automation and Machine Safety Team Leader."
