

VK LOGIC

## MAINTENANCE FITTER

A position has become available to join the VK Logic team as a Maintenance Fitter. Reporting to the Maintenance Manager your main focus will be to carry out repairs and maintenance of equipment.

In addition, you will also be required to take a leading role in major overhauls, equipment modifications, and assist with projects requiring manufacturing of machined components. We are seeking a self-motivated person, wishing to upskill and share their experience and knowledge.

### **To be successful for this position you will have the following skills and attributes:**

- Be a trade qualified fitter
- Experienced in machining, minor fabrications and welding.
- Excellent mechanical aptitude and problem solving skills required.
- Hydraulics pneumatics experience required.
- Drawing interpretation
- Ability to work well both within a team and autonomously.
- A strong commitment to WHS.
- Current Australian driver licence.
- White Card.

### **Advantageous but not essential:**

- TIG & MIG welding.
- High Risk Work Licences, Forklift, WAH, EWP and Confined Space preferred.
- Experience in food processing facilities.

To apply, email your application and current CV to [hr@vklogic.com.au](mailto:hr@vklogic.com.au) with the position title in the subject line.
