

VK LOGIC

INDUSTRIAL MAINTENANCE ELECTRICIAN

VK Logic is a rapidly growing company based in Howlong specialising in Integrated Automation, Electrical and Engineering Services. We are looking to appoint an experienced Industrial Maintenance Electrician.

Reporting to the Electrical Maintenance Team Leader, you will join the Electrical Maintenance Team and be based on site at our clients facility.

Your tasks will include:

- Preventative & breakdown maintenance of Electrical, Automation & Instrumentation Equipment.
- Implementation of in-plant/in-house projects with Electrical Team.
- Fault finding for process/maintenance of Electrical, Automation & Instrumentation equipment.
- Working with PLC panels (basic programming where required) for associated equipment.
- Participation in shutdown & maintenance outages.
- 8 Hour shifts Monday-Friday with Overtime on offer.
- On-Call on a rotating roster (including weekends).

Please note that this is an Electrical Trade Role - Engineers with no trade experience need not apply.

To succeed in this role, you will demonstrate the following:

- A proven background in Electrical Maintenance within the Industrial Sector, Electrical Licence Essential.
- Employment within a similar environment - Manufacturing Facilities (highly regarded).
- You will be familiar working with and maintaining industrial production Machinery & Automation systems including PLC's, various VSD's, and a variety of instrumentation and sensor systems.
- You will be reliable, results focused, driven to eliminate problems with an eye for detail and clear communication skills.
- Ability to work well within a team environment.
- Current Australian drivers licence.

On offer is the opportunity to advance your career in a fast growing and dynamic company that is locally owned and operated, excellent remuneration package and a great team environment that rewards you for your efforts.

To apply email your application and current CV to hr@vklogic.com.au with the title "Industrial Maintenance Electrician"
