

VK LOGIC

MECHANICAL DESIGN AND DETAIL DRAFTSPERSON

VK Logic is a rapidly growing company based in Howlong specialising in Integrated Automation, Electrical and Engineering Services. We are looking to appoint an experienced Mechanical Draftsperson.

Reporting to the Mechanical Project and Drafting Team Leader your role will consist predominantly of 3D modelling of concepts, layouts, mechanical design and shop drawings.

To be successful in this role you must have the following credentials:

- Design drafting certification or Advanced diploma or associates degree in Engineering, designing or related degree or 2 years of work experience.
- Solidworks and/or Inventor proficiency (preference for both) as well as AutoCAD.
- Experience in food industry preferred.
- Experienced in sheet metal fabrication.
- Proficient in creating, updating and maintaining drawings in AutoCAD Mechanical, adhering to AS1100 Engineering Standards and common design best practices.
- Current Australian driver licence.
- Ability to work well within a team environment.
- Sound mechanical aptitude and problem solving skills required.
- Strong work ethic with ability to multi task and thrive in a fast paced environment.
- Excellent communication skills, both written and verbal.
- Proven problem-solving abilities.
- Team focused with the ability to work autonomously at times.

On offer is the opportunity to advance your career in a fast growing and dynamic company that is locally owned and operated, excellent remuneration package and a great team environment that rewards you for your efforts.
