

VK LOGIC

MECHANICAL FITTER/MACHINIST

Based in Albury, VK Logic provides Integrated Automation, Electrical and Engineering Services. We are looking to appoint a highly motivated and experienced Mechanical Fitter/Machinist to join our team.

Reporting to the Mechanical Team Leader your main focus will be to take a leading role in carrying out repairs, maintenance and modifications of equipment.

In addition, you will also be required to assist with projects requiring manufacturing of machined components. We are seeking a self-motivated person, wishing to upskill and share their experience and knowledge.

To be successful for the position you have the following skills and attributes:

- Be a trade qualified fitter/machinist.
- Previous experience (minimum 5 years) in machining, minor fabrications and welding.
- Sound knowledge of dismantling faulty tools and assemblies and repair or replacement of defective parts.
- Ability to set up and adjust machines and equipment.
- Extensive experience operating manual/CNC lathes, milling and boring machines.
- Excellent mechanical aptitude and problem-solving skills.
- Hydraulics pneumatics experience.
- Drawing interpretation proficiency
- Ability to work well within a team as well as autonomously when required
- High Risk Work Licences, Forklift, WAH and EWP preferred
- Supervisory experience will be highly regarded.

Essential Criteria

- A strong commitment to WHS.
- Current Australian driver licence.
- White Card.

On offer is the opportunity to advance your career in a fast growing and dynamic company that is locally owned and operated, excellent remuneration package and a great team environment that rewards you for your efforts.

To apply please email your application/current CV to:
hr@vklogic.com.au with the subject title "Fitter/Machinist".

Applications close 07/08/2020
